

Let a parent or guardian
know where you are.

Telephone Tips!

- Phone home to tell your parents where you are if you change locations or will be late.
- Never tell a caller that you are home alone.
- Dial 9-1-1 if you are home alone and need help in an emergency.

Remember... I always ask
before I go.

ATTENTION MOM and DAD

This pamphlet is to aid you, as parents, in teaching your child about the problem of the potential child molester. As parents, we have role in this problem. The child needs to know some very basic steps in avoiding this situation, without frightening the child unnecessarily.

The child is taught through our **Be Alert** program that a stranger is just someone they don't know. They learn how to tell the difference between a good stranger and **STRANGER DANGER**.

STRANGER DANGER will try to trick the child using a toy, money, candy or anything else they might think of. They will also try to take the child away from the places where they play. **Teach your child to always ASK the adult in charge before they go with ANYONE.**

We hope this pamphlet can be used as a valuable tool for the child when aided by mom and dad.

STRANGER DANGER

WHO IS A STRANGER?

Who Is A Stranger?

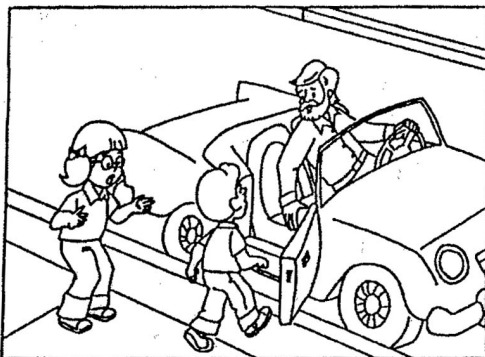

- A stranger is someone that you don't know.
- Most strangers will not try to harm you, but some strangers are dangerous, even if they dress nice or look friendly.

Never take rides, candy, gifts or money from strangers. It's

OK to say

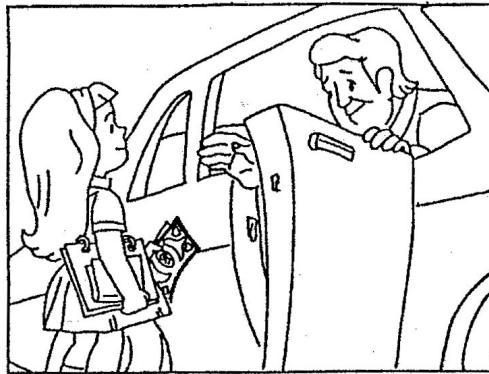

"NO THANK YOU."

- Always report to a police officer, a parent, a teacher or any adult you know if a stranger:
- Tries to join in your play.
- Asks you to go with him or her.
- Tries to have a conversation with you or touch you while you are at the movies, playground, or walking anywhere.
- Always try to get a full description of the stranger.
- If you see a suspicious car, take down the license number with a pencil and paper, write it in the dirt or on the sidewalk with a stick or stone.

If you don't know...don't go!

Children...beware of Strangers.
